BE – Electronics And Communication Engineering | July 2011 – Apr 2015
CGPA: 5.8/10 |
| ▪ Goverment Boys Higher secondary School - Modakurichi
Higher Secondary | Jun 2009 – Apr 2011
84% |

SKILLS :

- HTML
- CSS
- Bootstrap
- JavaScript
- React Js
- Redux with React
- Mongodb
- Nodejs
- Mern Stack Developer

CERTIFICATION COURSES:

- Having Internship Experience in Kitkat Software Technologies From 26/01/2024 To 11/07/2024

PROFILE SUMMARY:

Motivated and dedicated Mernstack developer with a strong foundation in programming principles. Skilled in Javascript and NodeJs. Passionate about creating efficient and reliable applications. Strong problem solving and teamwork abilities. Eager to contribute to software development projects.

PROJECTS:

Customer Relationship Management: (HTML, CSS, React Js,Redux Toolkit,NodeJs)

Developed a Student Attendance Management System. Utilized HTML and CSS for a user-friendly and responsive interface. Implemented NodeJs for backend logic, data processing, and user interactions. Managed the MongoDB database for efficient data storage and retrieval.

Data Management: Implemented features for storing, retrieving, and analyzing customer data, with a focus on lead management.

Security: Maintained data security through role-based access controls, encryption, and secure authentication methods.

E-Kart : I Implemented a user-friendly e-commerce website for the Ekart platform using JavaScript, designed to offer a seamless online shopping experience. This project involved creating an intuitive interface where customers can easily select, and purchase products.

Key features include:

- An integrated shopping cart that allows users to add, remove, and modify items before checkout.
- A mobile phone view with a four-sided display and easy cart selection.
- A drag-to-view feature on the homepage for exploring products and promotional slides.
- Options to increase, decrease, or remove products from the cart.

The project emphasizes delivering high-quality work, optimizing performance, and creating a visually engaging experience.

SOFTSKILLS COMMUNICATION:

Effective communication to facilitate collaboration and understanding.

1. Teamwork: Strong team player with a history of successful group contributions.
2. Adaptability: Quick to adjust and thrive in changing environments.
3. Problem-Solving: Proactive in identifying and resolving complex issues.

DECLARATION:

I hereby declare that the above mentioned information is true to the best of my knowledge and belief.
